

BEFORE  
THE PUBLIC SERVICE COMMISSION OF  
SOUTH CAROLINA  
DOCKET NO. 93-280-C - ORDER NO. 94-1069 ✓  
OCTOBER 7, 1994

IN RE: Petition of AT&T Communications for     ) ORDER  
Reduced Regulation of its Provision     ) CLOSING  
of Interexchange Services.     ) DOCKET

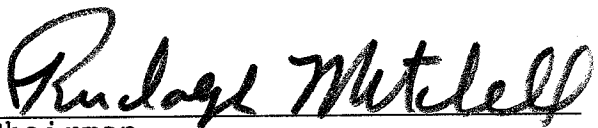

This matter comes before the Public Service Commission of South Carolina (the Commission) on the September 22, 1994 letter of AT&T Communications of the Southern States, Inc. (AT&T) requesting the closing of the instant Docket.

On April 29, 1993, AT&T filed a Petition with the Commission requesting reduced regulation of its provision of interexchange services. After being duly noticed Petitions to Intervene were filed by several parties and a hearing date was set for September 23, 1993. Meetings were held with all parties. On September 30, 1993, Commission Order No. 93-918 was issued, approving a stipulation which eliminated the requirement that AT&T follow Part 32 of the Uniform System of Accounts for intrastate jurisdictional purposes. The Order also held the Docket open so that other issues could be considered. The letter of AT&T of September 22, 1994 points out that legislation was passed this year by the South Carolina General Assembly, which would allow the Commission to provide for alternative means of regulation. AT&T therefore

requests that under these circumstances, that the instant Docket be officially closed. AT&T states that it is its intention to file a new Petition pursuant to the terms of the recently approved legislation.

The Commission has considered this matter and believes that the request of AT&T should be granted, and that the instant Docket shall be closed. This Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:

  
Chairman

ATTEST:

  
Executive Director

(SEAL)
